

## Block Out Dates for Weddings

Please note that the following dates and seasons are when our Officiating Ministers may be away and/or we are having church level events. Therefore, we will NOT be able to accept any wedding application that falls any of the dates.

The rest of the dates (including public holidays except for those above) throughout the year are available for selection. However, kindly avoid dates that clashes with your zone/district/congregational events. Kindly note that we do not accept wedding timing that clashes with your service timing.

For all wedding to be conducted on Sundays, kindly note the timing must be after 3pm. This is to facilitate all officiating ministers who serve on Sunday services ample time for travelling and settling their families. Church Office will assign officiating minister accordingly.
